PROFILE

Hello, My self Ashif Mahmud, I am a passionate and detail-oriented front-end web developer with hands-on experience in building responsive, user-friendly web applications using modern technologies like React and Next.js. I specialize in creating seamless and interactive user interfaces with a focus on performance and scalability. With a strong understanding of JavaScript, TypeScript, and the latest front-end frameworks, I strive to deliver efficient, maintainable code while collaborating closely with teams to bring creative web solutions to life.

WORK EXPERIENCE

July 2024 - August 2024

Block Expert

Front End Developer

EXPERTISE

Front-End: HTML5 | CSS3 | Bootstrap 5 | Tailwind CSS | ReactJS | NextJS

Back-End: NodeJS | ExpressJS | Bootstrap 5 | Firebase Authentication | MongoDB

Familiar Redux Toolkit | TypeScripts

Tools Git | GitHub | VS Code | Figma | Canva | Vercel | Netlify

PROJECTS

Jost-Pay (Client Project)

Live-Link

I developed this as a client project in collaboration with a company. Its main function is to provide ticketing services, various types of offers, and other services. I worked on the front-end of this project.

Technology : NextJS | Typescript | TailwindCSS

Chat-App

Code-Link

I did this as a practice project, and it's still a work in progress. Authentication has been implemented.

Technology : ReactJS | Javascript | TailwindCSS | Firebase

PROJECTS

Orebi E-Commerce

Live-Link

This is an e-commerce website, currently a work in progress. The plan is to implement full e-commerce functionality.

Technology : ReactJS | Javascript | TailwindCSS

Meme Generator

Live-Link

This is a meme generator that I created as a practice project by following a video from a YouTube channel. It utilizes their provided API for functionality.

Technology : HTML | CSS | API

Innovate

Live-Link

This is a front-end implementation of a Figma design that I created for practice, and I made an effort to ensure it is responsive.

Technology : HTML | CSS | Bootstrap

EDUCATION
